YMCA Marks 75 Years At Cleveland Meeting

More than 400 YMCA leaders from North America and 20 countries abroad met in Cleveland, Ohio, last weekend to celebrate the 75th anniversary of YMCA World Service, Dr. Rollin R. Smith, YMCA National Council member of the Torrance Family YMCA has announced.

YMCA World Service is the overseas work of the YMCAs of the United States and Canada, and is now being carried on in 30 countries.

Not since the Y's International Centennial Convention of 1951 have so many overseas YMCA Movements been represented by their top leaders at a YMCA meeting in North America, Dr. Smith said.

HEADING THE LIST of overseas leaders in Cleveland to honor World Service on its 75th birthday was Charles Sherman, president of the World Alliance of YMCAs and secretary of the treasury in the Liberian government. The YMCA, Dr. Smith pointed out, was the first international voluntary organization to elect an African to its top position of leadership.

Main speakers at the three-day meeting were Paul Martin, Canada's Secretary of State for External Affairs and Dr. John S. Badeau, former Ambassador to the United Arab Republic.

YMCA World Service is a joint program of the YMCAs of Canada and the United States to help develop YMCAs in other countries, Dr. Smith said. It is administered by an International Committee made up of 244 members representing the YMCAs of the United States and Canada. It began in 1889 when two North American YMCA men were sent to India and Japan

to help develop YMCA Movements there.

IN THE PAST 75 years, more than 700 North American "Y" secretaries have served overseas in 50 countries. In country after country, these men helped organize new YMCAs or extend the scope of YMCAs already formed. In many countries they introduced new team sports such as basketball and volleyball. They pioneered boys' work and camping. They helped launch Boys Homes for street urchins. They initiated adult literacy classes and helped start rural reconstruction centers. In each case there were specialized programs for students, young adults, and older men and women.

The greatest achievement of World Service, Dr. Smith said, is the training of thousands of local leaders, both staff and volunteer. Many of these Y-trained volunteers have become leaders, not only of the Y, but also of their communities and nations.

THIS YEAR, the North American World Service goal is \$2,580,802, the largest goal in its history, Dr. Smith said. The bulk of this goal is for the support of 56 North American overseas workers.
